## **FRIENDS of the PRESCOTT PUBLIC LIBEARY**

The role of the Friends of the Prescott Public Library is that of a catalyst, matching the special interests of potential donors with specific Library needs. The funds and management of the Friends of the Prescott Public Library exist separate and apart from the City of Prescott and its appointees. The Friends organization is committed to building a greater library, but it will not use funds it raises to meet library needs that are traditionally the responsibility of the City of Prescott (i.e. personnel & operations). Rather, Friends resources will be devoted exclusively to developing and augmenting Library resources which are not otherwise provided for.

A gift to the Friends of the Prescott Public Library is an enduring gift which creates a margin of excellence in the Library system for all the citizens of our community. Many gifts offer significant tax benefits to the donor.
